

# Building Life

## RD1100 Mullion Type Proximity Reader

### ● Specification

- LED indicator and buzzer function
- Read distance maximum to 10 cm
- Build in 1 unit two colors LED indicator.
- Interface Wiegand26 Bit、RS-232、RS485 option
- Operate voltage: 8-12V DC±10%
- Operate frequency: 125KHz
- Industry temperature range : -10°C ~ +45°C
- Power consumption:90 mA
- Dimensions:65\*39\*10mm
