

Building Life

RD1623 13.56MHz Recoder

Specification

- MIFARE Read/Write function.
- Highly transmission with confidential .
- Auto save manipulation recode.
- Easy for install and use.
- 3 serial ports (RS-232 or TTL or USB), baud rate:9600BPS.
- Camouflage antenna read range about 2cm to 3cm.
- Able to save 32 Sets (KEY A/KEY B), auto save when disconnection.

● Application

Access Control System

Electric Ticket

Vending machine

Specifications

Power : 12Vdc±10%

Power depletion : 200mA

Frequency: 13.56MHz

Read Range : Up to 2cm

Operation Temperature : -40°C ~ +85°C
